

G 1/2"

Ø80

215

A technical drawing of a tapered shaft. The shaft is shown in a perspective view, tapering from left to right. The left end has a diameter of 80 mm, indicated by a dimension line and the label 'Ø80'. The shaft is threaded at the left end, with a thread specification of 'G 1/2"'. The total length of the shaft is 215 mm, indicated by a dimension line at the bottom. The shaft has a chamfered end on the right.
